DETAILED ACTION

Response to Arguments

In light of the amendments made, the objection to claim 9 has been withdrawn and the rejections of claims 1, 2, 5, 6, 8-12, 14, 15 and 18 have been withdrawn. Claims 13 and 17 have been cancelled.

Allowable Subject Matter

Claims 1-2, 4-5, 8-12, 14-15 and 18-21 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art does not suggest or teach employing on a charging station a plurality of ultrasonic transmitters that sequentially oscillate after receiving an RF signal from a robot, a plurality of ultrasonic signal reception units on the robot with each reception unit designated by a position number and a processor on the robot to confirm the position and heading of the robot. This arrangement, in addition to using the time for each of the ultrasonic signals to travel from the plurality of ultrasonic transmitters on the charging station to the robot as a means of measuring distance between the robot and the charging station, and using the known spacing between the transmitting units along with the measured distance to calculate an angle between the charging station and the robot, also allows the processor to use the sequence of receptions by the numbered receivers on the device to determine the direction in which the robot is proceeding. Further, when more than one reception unit receives the ultrasonic signals, the cited

prior art does not suggest or teach using the two fastest reaching time values to determine the distance between the mobile robot and the charging station.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LIN B. OLSEN whose telephone number is (571)272-9754. The examiner can normally be reached on Mon - Fri, 8:30 -5.
